balconi, electricity, elevator, garage, internet, locked staircase, parquet, secured door, shower, water, video cameras, new sewerage, high ceilings, new electric circuit, storage room, central heating, electric floor heating, air conditioner

Additional information

An elegant 7-story residential and commercial building, Lai 20, featuring unique architecture and breathtaking views, will be completed in the city center near the Pärnu River and the brand-new bridge by summer 2026.

Apartment 5, a river-view 3-room corner guest apartment (84 m²) with a spacious terrace (+63.8 m²), is located on the 4th floor, offering views of the river and the new bridge. The apartment includes a large living room with an open kitchen (35.3 m²), two bedrooms (18.3 m²; 11.9 m²), an entrance hall (11.1 m²), a bathroom with a shower and toilet (5.5 m²), and a storage room (1.9 m²). A green roof in front of the bedrooms adds individuality and greenery to the space. Sliding glass doors provide access to the terrace. Comfort is guaranteed by underfloor water heating, heat recovery ventilation, and central cooling. The apartment comes with a luxurious standard finish, with the option to customize to your taste.

Designed by the renowned BOA architects as the winning project of an architectural competition, Lai 20 features a stepped design that reduces its visual mass and divides the building into three vertical sections: retail, office, and residential floors. Glass facades on the ground floor give the building a light and modern appearance, while recessed main entrances enhance the sense of openness and airiness. Floors III to VII, which house the apartments and guest units, are set back from the second floor, creating terraces and balconies that add to the building's openness and dynamic façade. All apartments, with views of either the river or the city center, include spacious balconies or terraces (ranging from 7 m² to 108 m²), ceilings up to 3 meters high, and floor-to-ceiling windows.

The building also features an underground parking garage, providing safe and convenient parking with direct elevator access to residential floors. Reserved parking spaces are available for €25,000, and storage units for €5,000. The garage is equipped with electric vehicle charging facilities. All prices include VAT.

For inquiries and additional information, please contact us!

Early buyers will have access to a larger selection of apartments and greater flexibility in customizing their future home.

NB! Buyers can take advantage of a flexible installment payment plan directly from the developer. By paying at least 20% of the apartment price upon purchase, the remaining balance can be paid over up to five years. The annual interest rate for the installment plan ranges from 5-8%. For detailed installment terms or information about special mortgage offers, please consult a Kinnisvaraekspert real estate agent.

KINNISVARAEKSPERT has been operating on the Estonian market since 1993. Our offices are located in Tallinn and Pärnu, and we serve you all over Estonia. Through cooperation partners Nord Prime Capital and Alliance Group UAB, we are also represented in Latvia and Lithuania.
