Additional information

OPEN HOUSE in the new Tiiru 3 apartment building on Saturday, May 3rd, from 12 PM to 2 PM. Come explore the newly completed sea-view apartments, including two stylishly furnished show apartments. Swedbank loan advisors will also be present!

3-room apartment no. 11 (66.5 m² + 9 m² balcony) is located on the 2nd floor. The apartment has a balcony facing the evening sun, a layout that goes through the building, and windows on three sides. In addition to the living room (23.5 m²) and two bedrooms (15.4 m²; 13.6 m²), there's a bathroom/WC (5 m²) and an entry hall (8.9 m²). A sauna can be added upon request. The apartment features water underfloor heating and heat recovery ventilation, with the option to install a cooling system.

The newly completed 7-storey building at Tiiru 3 is located by the sea, in the Valgre residential area, next to a coastal meadow. South- and west-facing balconies offer stunning views and relaxing sunsets. The exterior design is inspired by Pärnu's image as a resort town – white walls with airy glass balconies. The house offers 2- to 4-room apartments, each with a balcony or terrace. All apartments feature water underfloor heating, their own ventilation system, sea-facing units have floor-to-ceiling windows, and "Premium" interior finishes.

On the ground floor: storage units (extra fee), private courtyard parking (extra fee, with electric connection readiness), children's playground, and access to the seaside promenade.

Architects: Hanno Grossschmidt, Tomomi Hayashi, and Siim Endrikson (HGA).
