Additional information

The new 7-storey apartment building under construction at Tiiru Street 3 in the Valgre residential area is located by the sea, between the tennis hall and Hestia Hotel Strand, on the edge of the coastal meadow. The south- and west-facing balconies of the apartments offer the opportunity to enjoy stunning views and spend evenings watching the sunset. The exterior design of the building also reflects Pärnu's image as a summer resort town – white facades with large sea-facing balconies featuring glass railings that add lightness and airiness.

The 2-room guest apartment No. 10 (43.2 m² + balcony 4.3 m²) is located on the second floor and offers views to the west, overlooking the coastal meadow and the sea. The apartment includes a spacious living room with kitchen (23.1 m²), a bedroom (11.4 m²), and a shower room/WC (5.4 m²). The rooms feature floor-to-ceiling sliding windows, with access from both rooms to the balcony. The comfortable indoor climate is ensured by water-based underfloor heating and heat recovery ventilation, and air conditioning can be added for an extra cost.

The building offers 2- to 4-room apartments, all with a balcony or terrace overlooking the sea. The apartments feature water-based underfloor heating, their own ventilation system, floor-to-ceiling windows in the seaside apartments, and "Premium" interior finishing as standard. All apartments are pre-fitted for air conditioning installation. The building includes an elevator and video surveillance. On the ground floor, there are storage units (for an additional cost), a private enclosed parking area (parking spaces available for an additional fee, including readiness for electrical connections), a children's playground, and direct access to the seaside pedestrian and cycling path-promenade. The architects of the apartment building are Hanno Grossschmidt, Tomomi Hayashi, and Siim Endrikson from the architectural bureau HGA.

More information about the apartments at Tiiru Street 3, Pärnu, and the Valgre residential area will soon be available on the website <http://www.valgre.eu>. For apartment plans, prices, and any other information you may be interested in, please get in touch.

The sale of the apartments has begun – fulfill your dreams and make seaside living a reality!
