Additional information

A freshly renovated 3-room apartment with an open kitchen is for sale.

During the renovation, the kitchen was relocated to the living room, and the former kitchen was converted into a bedroom with access to a glazed balcony overlooking the front of the building.

The living room features kitchen furniture with integrated appliances: a stove, extractor hood, oven, dishwasher, and refrigerator.

The toilet and bathroom are not combined but are located separately, ensuring more comfortable living conditions for the family – no need to wait for the toilet if another family member is taking a bath. New plumbing has been installed, and the bathroom also includes a washing machine.

The entire apartment has been newly finished and is ready for immediate move-in.

The apartment has a through-plan layout: the windows of the larger bedroom face Tondiloo Park behind the house, providing great privacy – the nearest building is 150 m away, and the nearest apartment building is 185 m away.

The building is located in the Lasnamäe district, on the border of the Kuristiku and Mustakivi neighborhoods. Its location by Tondiloo (Kivila) Park ensures a quiet, peaceful, and green living environment.

The nearest public transport stop is 270 m away, while schools, kindergartens, shops, and the Lasnamäe Health Center are within a 500 m radius.

If you're looking for a renovated apartment in an excellent location, be sure to come and see this one. Write to me, and we'll arrange a convenient time for viewing.
