balconi, electricity, elevator, garage, internet, locked staircase, parquet, secured door, shower, water, video cameras, open kitchen, high ceilings, central heating, water floor, air conditioner

## Additional information

By the summer of 2026, an elegant seven-story residential and commercial building with unique architecture and stunning views – Lai 20 – will be completed in the city center, near the Pärnu River and the brand-new bridge.

Designed by the renowned BOA architects as the winning project of an architectural competition, Lai 20 features a tiered structure that reduces its bulk and divides it vertically into three sections: retail, office, and residential floors. The glass facades on the ground floor lend the building a sense of lightness and visually reduce its volume, while recessed main entrances emphasize its modern and airy character. The third to seventh floors, housing apartments and guest apartments, are set back from the second floor, creating terraces and balconies that add depth and openness to the facade. All apartments offer views of either the river or the city center, spacious balconies or terraces ranging from 7 to 108 m<sup>2</sup>, ceilings up to 3 meters high, and floor-to-ceiling windows.

A two-room apartment, No. 18, located on the fifth floor, faces south with views of the city center. The apartment has a total area of 45.8 m<sup>2</sup> and includes a large balcony of 12.9 m<sup>2</sup>. The layout comprises a living room with a kitchen (24.2 m<sup>2</sup>), a bedroom (12.5 m<sup>2</sup>), a hallway (5 m<sup>2</sup>), and a bathroom with a shower and toilet (4.5 m<sup>2</sup>). The balcony is accessible through large sliding windows, providing ample natural light. Comfortable indoor climate control is ensured by underfloor heating, a heat recovery ventilation system, and air cooling. The apartment comes with a luxurious standard finish that can be customized to suit your taste.

The building features an underground parking lot, allowing safe and convenient parking with elevator access directly to your floor. Parking spaces with exclusive use rights are priced at €25,000, and storage units at €5,000. Electric vehicle charging is available. All prices include VAT.

For questions or further information, please get in touch!

Early buyers will have a wider selection and more flexibility to influence the finishing touches on their apartment. For additional information, see <http://www.lai20.ee>

Buyers can take advantage of an installment plan offered directly by the developer. By paying at least 20% of the apartment's price, the remaining amount can be paid over up to five years. The annual interest rate ranges from 5% to 8%. For more details about installment terms or information on special mortgage offers, please contact a Kinnisvaraekspert real estate agent.
